Minutes

The minutes for March 2, 2021 were approved.

Discussion Items

1. Science Strategy
 - Robb Jacobson updated the Science Strategy. The updated document was sent to the other CAM teams.
 - Robb Jacobson overviewed the updated priorities list. Discussion on importance of sediment as a stressor.
2. Chloride statement discussion
 - Dan Obrecht will update the chloride statement and send to the science team for final review. Stronger wording in intro paragraph in terms of chloride being an impairment. Reword paragraph about potential chloride study so it doesn't focus solely on roads.
3. Brief discussion on use of the conceptual model in presentations for all teams meetings.
4. Future agenda topics:

- Sean Zeiger presentation on overview of plans for Hinkson Creek
 - Best Management Practices - Paul would like to hear from the Action Team about BMPs; what is out there, do they address more than one issue, how scalable?
5. All teams meetings are scheduled. The topics and meeting dates for all team meetings are planned for:
- 4/8/21 – Forum Nature Area Level Spreader Monitoring Report by Laura Wiseman
 - 4/15/21 – Macroinvertebrate Study Report by Geosyntec
 - The science team should provide some introduction and conceptual ecological model to lead into the macroinvertebrate study
 - 4/22/21 – Chlorides by Science Team
 - 4/29/21 – Science Strategy presentation by Science Team

Next Meeting

The next meeting for the Science Team is currently scheduled from 3 pm to 5pm on May 4, 2021, via webex call.
